9. Description (Summarize the nature of the application.)

(If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Application for transfer of control of Telaurus Communications LLC's international and domestic Section 214 authority from Globecomm Systems, Inc. to Wasserstein Cosmos Co-Invest, L.P.

10. In Attachment 1, please respond to paragraphs (c) and (d) of Section 63.18 with respect to the assignor/transferor and the assignee/transferee. Label your response "Answer to Question 10".

11. Does any entity, directly or indirectly, own at least ten (10) percent of the equity of the assignee/transferee as determined by successive multiplication in the manner specified in the note to Section 63.18(h) of the rules?

☒ Yes ☐ No

If you answered "Yes" to this question, provide in Attachment 1, the name, address, citizenship, and principal businesses of each person or entity that directly or indirectly owns at least ten (10) percent of the equity of the assignee/transferee, and the percentage of equity owned by each of those persons or entities (to the nearest one percent). Label your response "Answer to Question 11."

12. Does the assignee/transferee have any interlocking directorates with a foreign carrier?

☐ Yes ☒ No

If you answered "Yes" to this question, identify each interlocking officer/director in Attachment 1. (See Section 63.09(g).) Provide the name and position/title of the individual or entity, the name of the foreign carrier, and the country in which the foreign carrier is authorized to operate. Label your response: "Answer to Question 12."

13. Provide in Attachment 1 a narrative of the means by which the proposed assignment or transfer of control will take place. In circumstances of a substantial assignment or transfer of control pursuant to Section 63.24(e), where the assignor seeks authority to assign only a portion of its U.S. international assets and/or customer base, please specify whether the assignor requests authority to continue to operate under any or all of its international Section 214 File Nos. after consummation; and, if so, please specify in Attachment 1 each File No. it seeks to retain in its own name. Label your response "Answer to Question 13."

Note: The assignor may retain any or all of its international Section 214 File Nos. In that case, the assignor will continue to hold the international section 214 authorizations that it specifies in response to this question. The ITC-ASG File No. that the Commission assigns to this application will, when granted, constitute Commission authorization of the proposed assignment of assets and /or customers from the assignor to the assignee. Unless Commission grant of the assignment application specifies otherwise, the assignee may provide the same services on the same routes as permitted under the assignor's Section 214 authorization(s), and the assignee may provide such service to any customers it may obtain in the ordinary course of business.

If this filing is not a notification of a pro forma assignment or pro forma transfer of control, please respond to Questions 14–20 below. (See Section 63.24(d).) Otherwise, you may proceed to Question 21 below.

14. Check "Yes" below if the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier. (See Section 63.18 (i).) The terms "foreign carrier" and "affiliated" are defined in Section 63.09 (d) & (e) of the rules respectively. ☐ Yes ☒ No

If you answered "Yes" to this question, please specify in Attachment 1 each foreign country in which the assignee is a foreign carrier or in which the Section 214 holder, upon consummation, would be affiliated with a foreign carrier. Label your response, "Answer to Question 14."

15. If this application is granted and the proposed assignment or transfer is consummated, would the Section 214 holder be authorized to provide service to any destination country for which any of the following statements is true?

☐ Yes ☒ No

(1) The Section 214 holder is a foreign carrier in that country; or

(2) The Section 214 holder controls a foreign carrier in that country; or

(3) Any entity that owns more than 25 percent of the Section 214 holder, or that controls the Section 214 holder, controls a foreign carrier in that country.

(4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.

If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true. Label your response, "Answer to Question 15."

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules.

☐ Yes ☒ No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

☐ Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

☒ No, Does not apply.

18. If you answered "Yes" to question 15, and if you have not provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules in its provision of service to each of the countries identified in response to question 15, the Section 214 holder may not be eligible to provide international telecommunications service between the U.S. and each such country following consummation of the assignment or transfer. In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

19. If the assignee, or the Section 214 holder that is the subject of this transfer of control application, is a provider of Commercial Mobile Radio Services, you need not answer this question.

If any of the Section 214 authorization(s) that would be assigned or transferred, authorize the Section 214 holder to resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country listed in response to question 14, and unless you have provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10(a)(3) of the rules for each country, check "Yes" below to certify that the assignee/transferee will file the quarterly traffic reports required by Section 43.61(c) of the rules; and/or state in Attachment 1 that the foreign carrier(s) for which the applicant has not made a showing under Section 63.10(c)(3) do(es) not collect settlement payments from U.S. international carriers. (See Section 63.18(l).)

☒ Yes, I certify that I agree to comply with the quarterly traffic reporting requirements set forth in section 43.61(c) of the rules.

20. If the applicant desires streamlined processing pursuant to Section 63.12 of the rules, provide in Attachment 1 a statement of how the application qualifies for streamlined processing. (See Section 63.18(p).) Note that, if the application is being filed in connection with a sale of assets or reorganization of a carrier or its parent pursuant to the U.S. bankruptcy laws, the application may not be eligible for streamlined processing until final bankruptcy court approval of the proposed sale or reorganization.

Applicant certifies that its responses to questions 21 through 25 are true:

21. The assignee/transferee certifies that it has not agreed to accept special concessions directly or indirectly from a foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into any such agreements in the future. ☒ Yes ☐ No

22. By signing this application, the undersigned certify either (1) that the authorization(s) will not be assigned or that control of the authorization(s) will not be transferred until the consent of the Federal Communications Commission has been given, or (2) that prior Commission consent is not required because the transaction is subject to the notification procedures for pro forma transactions under Section 63.24 of the rules. The assignee/transferee also acknowledges that the Commission must be notified by letter within 30 days of a consummation or of a decision not to consummate. (See Section 63.24(c)(4).) ☒ Yes ☐ No

23. If this filing is a notification of a pro forma assignment or transfer of control, the undersigned certify that the assignment or transfer of control was pro forma and that, together with all previous pro forma transactions, does not result in a change in the actual controlling party. ☐ Yes ☐ No
☒ Not a Pro Forma

ANSWER TO QUESTION 13

Description of the Proposed Transaction

Wasserstein Cosmos and Globecommm seek FCC consent to the transfer of control of the international and domestic Section 214 authorizations, earth stations licenses, and private wireless authorizations held by Globecommm and its wholly owned subsidiaries to Wasserstein Cosmos. As described below, the transaction will be in the public interest, as it will enable Globecommm to be acquired by a parent with substantial financial wherewithal. The transaction will thus provide Globecommm with a solid financial platform to better enable it to compete within the highly competitive market for global communications.

Description of the Parties

Globecommm is a global communications solutions provider, offering customers managed access services to the United States Internet backbone, video content, the public switched telephone network or their corporate headquarters or government offices. Globecommm utilizes a combination of terrestrial connectivity, satellite bandwidth and teleports, along with a variety of remote very small aperture terminals, or VSATs, to provide end-to-end connectivity. Globecommm also leases and resells over one GHz of total satellite bandwidth across the globe for different frequencies, coverage areas and polarizations. Domestically, Globecommm and its wholly owned subsidiaries, Globecommm Network Services Corp. and Globecommm Services Maryland, provide nationwide toll-based termination of voice calls. Globecommm holds Section 214 authority to provide international and domestic telecommunications services, non-common carrier earth station authorizations, and a private wireless authorization.

Globecommm's wholly owned subsidiary, Telaaruss, a Delaware limited liability company, provides a secure and robust global maritime communications network. This network provides shipboard users with an easy to use, reliable and cost effective means by which they can communicate. Telaaruss resells pre-paid and post-paid phone cards and voice services for Inmarsat and Iridium satellite phones. Telaaruss holds section 214 authority to provide international and domestic telecommunications services.⁴

As described above, the Transferee, Wasserstein Cosmos, is a Delaware limited partnership. Wasserstein Cosmos will be owned by Wasserstein & Co., LP, Wasserstein Family Trust LLC, WP III, Lexington Co-Investment Holdings III, L.P., and other private equity funds

⁴ In addition to the international and domestic Section 214 authorizations held by Globecommm and Telaaruss, the following authorizations are the subject of FCC transfer of control applications that will be filed as part of this transaction: Globecommm holds fixed earth stations, call signs E050308, E060446, E090179, E120057, E120200, E070227, E010177, E020003, E980122, E020288, E970361, E990402, E060431, E970206, E020002, and VSAT networks, call signs E000251, E000277, E000278. Globecommm also holds one private wireless authorization, call sign WQLT500. Globecommm's wholly owned subsidiary, Cachendo, holds one private wireless authorization, call sign WPLH258. Globecommm also currently holds two common carrier microwave authorizations that will be surrendered prior to closing and, thus, transfer authority is not being sought for them.

that will each hold less than ten percent of the equity and voting interests in Wasserstein Cosmos. The general partner of Wasserstein Cosmos is Wasserstein & Co., LP, a Delaware limited partnership and a leading independent private equity and investment firm. Wasserstein & Co., LP also manages capital on behalf of institutional and individual investors. The firm is focused on investments primarily in the media, consumer products and water equipment and services industries. Wasserstein & Co. has offices in New York and Los Angeles.

Description of the Agreement

On August 25, 2013, Globecomm entered into a definitive Agreement and Plan of Merger (the "Merger Agreement") with Wasserstein Cosmos and Cosmos Acquisition Corp., an indirect, wholly owned subsidiary of Wasserstein Cosmos. Pursuant to the terms of the Merger Agreement, and subject to the conditions thereof, Cosmos Acquisition Corp. will merge with and into Globecomm. Globecomm will thus become an indirect, wholly owned subsidiary of Wasserstein Cosmos at closing.⁵ The Merger Agreement was unanimously approved by Globecomm's board of directors.

The transaction thus will result in the transfer of control of all of the FCC licenses and authorizations held by Globecomm and its wholly owned subsidiaries to Wasserstein Cosmos. Specifically, at closing, Globecomm will be directly wholly owned by Cosmos Holdings Acquisition Corp., a Delaware corporation. Cosmos Holdings Acquisition Corp. in turn will be wholly owned by Wasserstein Cosmos at closing. Because the proposed transfer of control will be completed at the holding company level, the Applicants expect that the transaction will be entirely transparent to Globecomm's customers and will have no effect on the services those customers currently receive. As it affects only the ownership of Globecomm, the proposed transaction will not result in any adverse change in the assets Globecomm uses to provide service or Globecomm's day-to-day operations, nor will the transaction itself have any adverse effect on Globecomm's rates, terms or conditions of service.

Public Interest Statement

The proposed transfer of control of Globecomm and its wholly owned subsidiaries to Wasserstein Cosmos serves the public interest and will cause no offsetting public interest harms. Therefore, the Commission should expeditiously approve the proposed transfer of control.

The proposed transfer of control will promote competition by enabling Globecomm to be acquired by a parent with substantial financial resources. Wasserstein & Co. currently manages capital on behalf of institutional and individual investors. The transaction will provide Globecomm with a solid financial platform to better enable it to expand its customer base and develop new products and services to meet the evolving needs of its customers. As such, the

⁵ At the closing of the Merger, each outstanding share of Globecomm common stock, other than shares owned by Globecomm, shares owned by Wasserstein Cosmos or any subsidiary of either Globecomm or Wasserstein Cosmos, and shares with respect to which appraisal rights are properly exercised and not withdrawn, will be converted into the right to receive \$14.15 in cash, without interest and less any applicable withholding taxes.

transaction will better enable Globecom to compete in the highly competitive market for global communications.

At the same time, the proposed transfer of control does not raise any competitive concerns. Wasserstein Cosmos is not in the business of providing communications services. Accordingly, the transaction does not eliminate a competitor or in any way reduce competition in the market for global communications. In contrast, the transaction will likely increase competition by strengthening Globecom's financial wherewithal, enabling it to become an even more effective competitor.

ANSWER TO QUESTION 20

This application for transfer of control of international Section 214 authorization qualifies for streamlined processing pursuant to Section 63.12(c).⁶ The Transferee is not a foreign carrier and is not affiliated with any foreign carriers. The parties will not consummate the proposed transaction until after all necessary Commission approvals are obtained.

⁶ 47 C.F.R. § 63.12(c).

INFORMATION REQUIRED BY SECTION 63.04 OF THE COMMISSION'S RULES IN RELATION TO DOMESTIC 214 AUTHORIZATIONS

In support of the Applicants' request for consent to transfer control of Globecom and Telaurus's domestic blanket Section 214 authority to Wasserstein Cosmos, the following information is submitted pursuant to Section 63.04 of the Commission's rules.⁷ Specifically, Section 63.04(b) provides that applicants submitting a joint domestic/international Section 214 transfer of control application should submit as an attachment to the international Section 214 application responses to the information requested in paragraphs (a)(6) through (a)(12) of Section 63.04.

RESPONSES TO SECTION 63.04(a)(6)-(12)

Section 63.04(a)(6):

See Answer to Question 13.

Section 63.04(a)(7):

Globecom is a global communications solutions provider, providing customers managed access services to the United States Internet backbone, video content, the public switched telephone network or their corporate headquarters or government offices. Domestically, Globecom provides nationwide toll-based termination of voice calls. Globecom provides some of these services through its wholly owned subsidiaries, Globecom Network Services Corp. and Globecom Services Maryland.⁸

Telaurus, Globecom's wholly owned subsidiary, provides a secure and robust global maritime communications network. This provides shipboard users with an easy-to-use, reliable and cost effective means by which they can communicate. Telaurus resells pre-paid phone cards for Inmarsat and Iridium satellite phones. Although these services are intended for use on board vessels at sea, they can be used domestically if the card holder had access to an Inmarsat or Iridium satellite phone. Telaurus also resells post-paid voice services using Iridium and Inmarsat phones.

Neither Wasserstein Cosmos nor its affiliates provide domestic telecommunications services.

⁷ 47 C.F.R. § 63.04.

⁸ To the extent required, authority is also requested for the transfer of control of any domestic Section 214 authority held by Globecom Network Services Corp. and Globecom Services Maryland.

Section 63.04(a)(8):

This application for transfer of control of domestic Section 214 authority presumptively qualifies for streamlined processing pursuant to Section 63.03(b)(1)(ii) because Wasserstein Cosmos, the transferee, is not a telecommunications provider. 47 C.F.R. § 63.03(b)(1)(ii). This application also qualifies for streamlined processing pursuant to Section 63.03(b)(2)(i) because, immediately following the transaction: (1) Applicants and their affiliates (as defined in 47 U.S.C. § 153(1) – “Affiliates”) combined will hold less than a ten percent share of the interstate, interexchange market; (2) to the extent that Applicants or their Affiliates provide U.S. local exchange services or exchange access services, those services are provided only in geographic areas served by a dominant local exchange carrier that is not a party to this transaction; and (3) none of the Applicants or their Affiliates is dominant with respect to any U.S. domestic service. 47 C.F.R. § 63.03(b)(2)(i).

Section 63.04(a)(9):

See footnotes 3 and 4 above.

Section 63.04(a)(10):

The Applicants are not requesting special consideration because neither party to the transaction is facing imminent business failure.

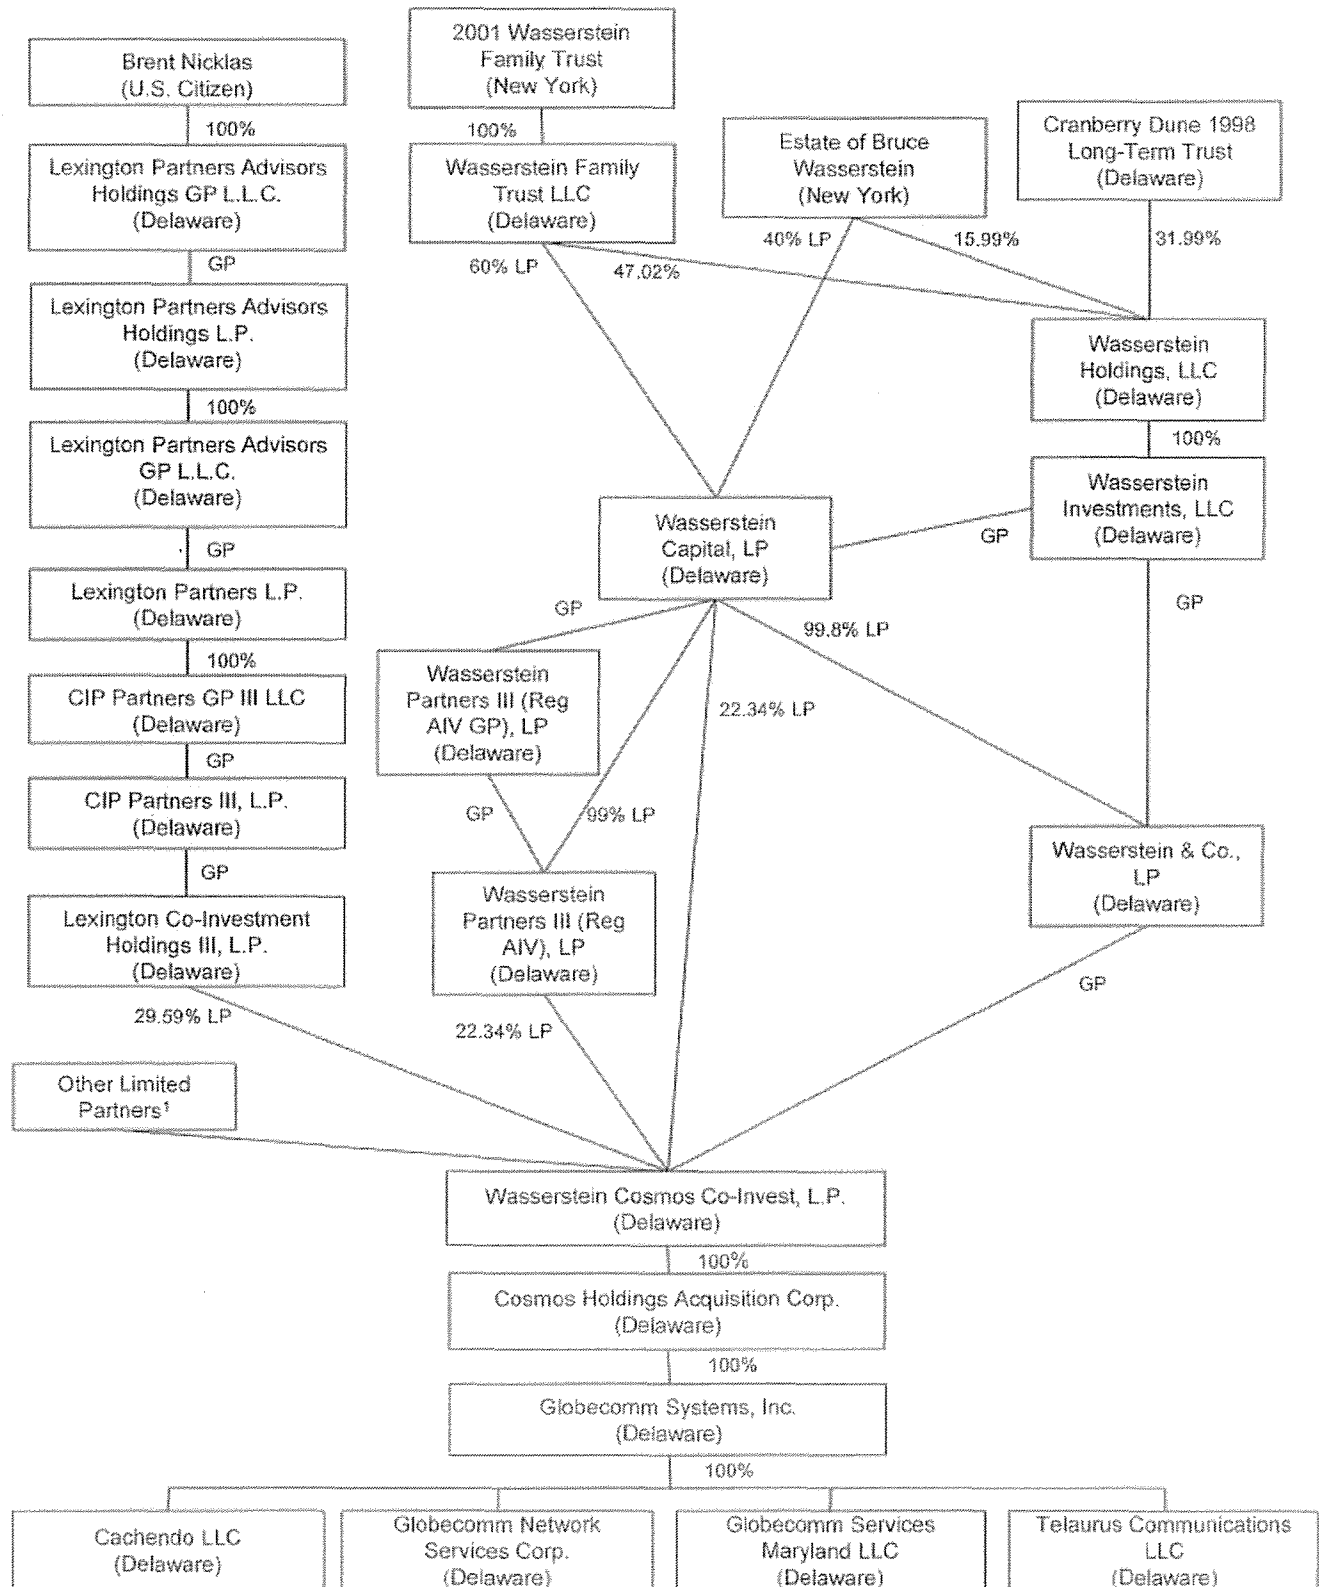

Section 63.04 (a)(11):

The Applicants are not separately filing any waiver requests in conjunction with the transaction.

Section 63.04 (a)(12):

See Answer to Question 13.
